Isaak Meakin

ELECTRICAL VDC / BIM

Salt Lake City, UT | 385-298-6043 | ismeakin@gmail.com
Portfolio | LinkedIn

8+ years of professional experience coordinating client requirements, supporting training, and improving workflows. Now focused on electrical VDC, combining clear communication with hands-on Revit 2027 modeling, coordination, and drawing production.

Software Autodesk Revit 2027 · Navisworks · Excel · Word · PowerPoint · PDF markup

Revit skills Electrical systems · Circuits and schedules · Family parameters and connectors

PORTFOLIO PROJECT

Snowdon Towers

Original electrical model and drawings; Autodesk sample models provide linked context.

- **Electrical modeling:** Modeled equipment, conduit raceways, cable tray, supports, and circuits; coordinated layouts against linked architectural and HVAC models.
- **Shop drawings and prefab:** Produced a seven-sheet package with enlarged plans, sections, install sheets, prefab build sheets, and an assembly bill of materials.
- **Coordination and QA:** Ran 13 Navisworks clash tests; corrected and retested routing issues, documented accepted conditions, and checked model data and drawing consistency.
- **Takeoffs and record drawings:** Reconciled model-derived material takeoffs after a simulated field change; updated record (as-built) drawings and verified RVT, DWG, PDF, and NWC exports.

PROFESSIONAL EXPERIENCE

Fusion Healthcare Staffing | Sandy, UT

Sep. 2024 - Jun. 2026

Client Recruiter / Account Manager

- Coordinated requirements and documentation among hospitals, physicians, vendors, and internal teams; tracked deadlines and resolved issues.
- Designed workflow automation adopted by the recruiting department; developed procedures and training resources to support consistent use.

MarketStar | Salt Lake City, UT

Dec. 2017 - Sep. 2024

Senior Account Manager - ExxonMobil client program

- Managed national and distributor client accounts; clarified requirements and coordinated follow-up with field partners and internal teams.
- Supported program launches and partner training; prepared documentation and performance reports to keep clients and internal teams informed.
